AB-ReAP

ASSOCIATION OF BEHAVIOURAL RESEARCH ANALYSTS AND PSYCHOMETRICIANS (AB-ReAP)

13 April 2022

AB-ReAP Research Capacity Building Workshop Series, 2022

VENUE: <http://olp.abreap.org> | TIME: 10am - 2pm

Theme: OPERATIONALISING MEDIATING AND MODERATING VARIABLES IN BEHAVIOURAL RESEARCH

Many researchers who had used or are preparing to use categorical variables such as Gender, Location, Qualification and the like as independent variables in their studies, need retraining because of the new trend in behavioural Research. Knowledge of MODERATING and MEDIATING variables becomes imperative for all behavioural researchers. Capacity to operationalise and analyse data within the context of moderation and mediation, distinguishes an informed scholar. AB-ReAP is set to fill the identified gap by re-equipping her members who maintain up to date status for FREE and other interested scholars for a token.

Facilitators: Joshua Adeleke | Kunle Ayanwale
Kola Olotu | Tola Oyeniran

The Association of Behavioural Research Analysts and Psychometricians (AB-ReAP) is committed to the members' capacity building in line with her:

<p>Vision: To be an outstanding association with skillful members in Behavioural Research Analysis and Scale development, with the intent of global competitiveness.</p>	<p>Mission: To promote analytical knowledge and skills for excellent and quality outputs in the area of behavioural research and scale development.</p>	<p>Aim: To harness analytical resources among members and enhance skills for global and relevant professional performance among behavioural research analysts and psychometricians.</p>
